

RE: FLEX

Re:Flex is a proprietary blend of enzymes, powerful herbs and antioxidants specifically formulated to support muscle and joint health while helping you recover more quickly from physical activity.

BENEFITS

- Effectively supports the body in repairing tissue following an injury
- Promotes faster recovery from exercise and competition
- Helps maintain healthy muscles and joints
- Encourages production of the body's own powerful antioxidant enzyme – SOD – for faster recovery

“With as much as I work out, I wanted to be able to recover and heal more quickly so I could get back to my athletic routine and be at the top of my game. Re:Flex made a real difference for me.”

- Landon R.

ABOUT RE:FLEX

Re:Flex provides highly concentrated proteolytic enzymes, including bromelain and Boswellia, for temporary relief of inflammation and to support healing. In addition, Re:Flex supplies a potent combination of antioxidant nutrients to help the body fight the free radicals released after an injury or exercise.

FEATURES

- Contains a blend of antioxidant ingredients like grape seed extract, turmeric, and lycopenes to support for the body's healing processes and aid recovery
- Re:Flex is a powerful combination of natural herbs and proteolytic enzymes that support the immune system's natural anti-inflammatory processes
- Contains no lactose, gluten, MSG, salt, sugar, artificial colors, flavors, sweeteners, chemical preservatives, additives or fillers

GREAT FOR PEOPLE WHO:

- Need extra support for joint and muscle health
- Participate in strenuous activity
- Want to recover more quickly from exercise, sports or other physical activities
- Want to support the body's natural healing processes

DIRECTIONS:

Take 3 capsules twice daily on an empty stomach.

Other ingredients: Vegetable capsule (hypromellose and water), microcrystalline cellulose, magnesium stearate, silicon dioxide.
