The FreshAir Mobile provides clean, healthy air for your car, truck, RV, or camper by reducing airborne contaminants, odors, and pollutants.

**WHAT’S POLLUTING YOUR VEHICLE’S AIR?**
- Exhaust from other vehicles
- Gasoline fumes
- Stale air from the air conditioner/heater
- Food fallen on the floor
- Smoke

“**My kids are into lots of sports, but my youngest has lots of skin sensitivities. Almost every detergent makes him itch like crazy. So I love the idea of being able to use only cold water and my LaundryPure 2.0 to get our clothes clean without using chemicals.”**
- Marlena M.

**SO WHAT IS ACTIVEPURE® TECHNOLOGY?**
ActivePure® Technology is based on technology originally developed by NASA for use during space travel. Now, it can be used in your own vehicle to reduce up to 99% of airborne contaminants such as pollution and odor.

**HOW ACTIVEPURE® WORKS**
ActivePure works by harnessing microscopic oxygen and water molecules in the air and then forcing them through a honeycomb-like matrix inside the FreshAir Mobile Air Purifier. While inside the matrix, the molecules are transformed into safe-yet-powerful oxidizers that are then released back into the air to seek and destroy contaminants like mold, fungi, and odor.

**ACTIVEPURE® AROUND THE WORLD**
- Hotel Rooms
- Schools
- Veterinary Care
- Liberty Bell
- Training Facilities
- Nursing Homes

**FEATURES**
- Removes airborne contaminants found in your car, truck, RV, or camper
- Freshens the air and removes odors from otherwise stale environments
- Removes dirt and dust from the air
- Improves air quality using ActivePure Technology
- Lightweight and portable

**BENEFITS**
- Utilizes a high-intensity UVC light to mimic the oxidation and ionizing properties of sunlight
- Touch sensitive settings to provide easier operation
- Multiple settings to customize and optimize usage in varying environments
HOW IT HELPS YOU

- Improved air quality
- Fewer sick days and cold/flu outbreaks
- Odor-free air year round
- Healthier air to breathe on the road
- Less allergens in the air to trigger allergy symptoms

FRESHAIR MOBILE IS PERFECT FOR:

- Allergy or asthma sufferers
- Sensitive or compromised immune systems
- Commuters
- Families

LIVINGWATER
LivingWater generates acid-buffering alkaline water with negative Oxidation Reduction Potential (ORP) for increased antioxidant properties right from your faucet.

RE:VIVE
Re:Vive is our on-the-go energy supplement that significantly boosts energy, elevates mental focus and supports your health without the unwanted side effects found with most energy boosters.

H2FUEL
H2 Fuel charges your water to deliver electron rich, hydrogen infused hydration to your cells to flush cellular waste and toxins from your cells!

LAUNDRYPURE 2.0
LaundryPure infuses cold water with hydrogen and oxygen-based oxidizers to lift dirt and grime from cloth fibers - leaving towels softer and fluffier, and clothes brighter and cleaner.
