

The Pet ReFresh plug-in air purifier quickly freshens the air as it destroys surface and airborne contaminants and odors. It is great for smaller rooms up to 50 square feet in size that need targeted surface and air purification.

PET REFRESH IS GREAT FOR:

- Removing germs and odors caused by pets, food, or garbage
- Purifying and freshening bathrooms, laundry rooms and offices
- Cleaning the surfaces and air without using chemicals
- People who suffer from allergies and need to reduce allergy-triggering particles from the air

BENEFITS

- Uses ActivePure® Technology to safely and effectively remove odor-causing bacteria, mold, and fungi in the air and on surfaces
- Ion generator removes airborne contaminants and allergens
- Destroys contaminants without chemicals
- Compact, portable and easy to use

SO WHAT IS ACTIVEPURE® TECHNOLOGY?

ActivePure is based on technology originally developed by NASA. It is proven to reduce over 99% of surface micro-organisms and dramatically reduce airborne contaminants and allergens in the air.

In 2017, ActivePure® Technology was inducted into the Space Technology Hall of Fame by The Space Foundation.

HOW ACTIVEPURE® WORKS

ActivePure® has been tested in independent labs and proven to reduce and eliminate viruses, bacteria, mold and fungi on surfaces and in the air.

It works by harnessing microscopic oxygen and water molecules in the air that then go through our purification units, which are equipped with an ActivePure® honeycomb matrix.

While inside the matrix, the molecules are transformed into friendly-yet-powerful oxidizers. As they're released back into the air, these supercharged ActivePure® molecules seek and rapidly destroy contaminants, fungi, mold, and odor-causing bacteria – even ones that try to hide in hard-to-reach places.

FEATURES

- ActivePure® Technology
- Ionization
- Plug-in surface and air purifier
- Filter free
- Chemical free operation
- Low maintenance
- Stickers for personalization

SPECIFICATIONS

PET REFRESH	
49910 MODEL: A1008A <small>NOTE: This product does not meet California or Canada requirements and cannot be shipped to California or Canada.</small>	
Technology	ActivePure® Ion Generation
Electrical	Voltage: 120 VAC, 60 Hz Energy Consumption: 2.8 Watts
Dimensions	5.1" H x 4" W x 2" D (12.9 cm x 10 cm x 5 cm)
Weight	7.1 oz (201 g)
Coverage	Up to 50 sq. ft.
Warranty	Limited 6 Month Warranty

PATENTED CELL DESIGN

The ActivePure® Technology built into each Pet ReFresh is based on a variation of the technology originally developed for use on the International Space Station and is recognized as the exclusive Certified Space Technology™ in its category.

OTHER VOLLARA PRODUCTS YOU MAY ALSO LIKE:

LAUNDROPURE 2.0

LaundryPure 2.0 infuses cold water with hydrogen and oxygen-based oxidizers to lift dirt and grime from cloth fibers - leaving towels softer and fluffier, and clothes brighter and cleaner.

FRESHAIR MOBILE

The FreshAir Mobile provides clean, healthy air when you're on the go; significantly reducing surface and airborne contaminants, odors and pollutants in the areas where you spend your time.

CLASSICAIR

A classic air purifier, the ClassicAir is designed and built with long-standing, proven technology for a reliable, easy-to-adjust solution to indoor smoke and odors.
