

RE: BALANCE

DIETARY SUPPLEMENT

Re:Balance has 12 strains of healthy bacteria to support and maintain the growth of billions of probiotic flora designed to survive the digestive processes and colonize in the digestive tract to strengthen your body's defenses and support optimum intestinal function.

BENEFITS

- Helps support and maintain the growth of probiotic flora as well as healthy functioning of the intestinal tract
- Supports the body's 'second immune system' by suppressing harmful bacteria
- Produces enzymes essential to proper intestinal function
- Prebiotics can help feed and nurture good bacteria
- Friendly bacteria can help strengthen your body's defense and support optimal health
- Helps support and maintain the growth of probiotic flora as well as healthy functioning of the intestinal tract
- Proven to improve digestion and elimination

WHAT RE:BALANCE PROVIDES

'Friendly' bacteria in the digestive tract can be destroyed by factors like carbonated drinks, laxatives, birth control pills, coffee, alcohol, aging, stress, and antibiotics. Re:Balance increases beneficial bacteria + enzymes to improve digestion and elimination. It also has added natural whole food sources of FOS (fructooligosacharrides) which act as food for the healthy bacteria, helping the bacteria grow and flourish more rapidly in the body.

FEATURES

- 12 strains of friendly, healthy bacteria that can survive in the digestive process and colonize digestive tract
- Natural, 100% vegetarian ingredients
- Does not require refrigeration to stabilize flora
- Healthy dose of prebiotics
- Provides over 4.5 billion units of flora per serving
- Includes patented Magnesium Glycyl Glutamine (MGG), the stabilized form of glutamine—supporting the stability and growth of beneficial bacteria, which is essential to intestinal cells
- Custom formulated Chelate Activated Enzyme Delivery System for guaranteed maximum effectiveness

GREAT FOR PEOPLE WHO:

- Use antacids, birth control pills, antibiotics or anti-inflammatory medications
- Eat commercially raised meat or poultry and/or commercially produced dairy products
- Drink a lot of carbonated beverages

Supplement Facts
