

ESSENTIALS FOR LIFE

DIETARY SUPPLEMENT

Essentials for Life is the complete nutritional supplement system that addresses core daily nutritional supplementation needs with vitamins, minerals, antioxidants, probiotics and enzymes.

BENEFITS

- Increases energy and overall health
- Mineral replenishment
- Promotes stronger bones, healthy hair, skin and nails
- Muscle maintenance
- Added protection from free radical damage
- Digestion support
- Beneficial intestinal bacteria to strengthen immune system
- Increases ability to make lean muscle and burn fat
- Healthy insulin function and blood sugar levels
- Minimizes mood swings
- Reduces food cravings

WHAT ESSENTIALS FOR LIFE PROVIDES

Essentials for Life provides a 100% whole-food nutritional foundation to support overall health and energy. Daily exposure to stress, a poor diet, alcohol, smoking, and other factors can deplete the body's store of vitamins, minerals, enzymes, and friendly flora. Essentials for Life helps rebuild these essential components of good health, creating a nutritional baseline for more targeted supplementation while aiding with digestion, metabolism, and supplementing nutrients missing from modern diets.

FEATURES

- Proprietary whole-food vitamin and antioxidant blend
- Includes both proprietary digestive enzyme and probiotic blends
- 100% vegetarian formula
- Free of lactose, gluten, MSG, salt, sugar, artificial colors, flavors, sweeteners, chemical preservatives, additives and fillers

NSF CERTIFIED FOR SPORT®

- Products do not contain any of 270+ substances banned by major athletic organizations
- The contents of the supplement actually match what is printed on the label
- There are no unsafe levels of contaminants in the tested products
- The product is manufactured at a facility that is registered for Good Manufacturing Practice (GMP) and audited twice annually for quality and safety by NSF International

6-IN-1 NUTRITION

Essentials for Life combines six different nutritional benefits into one amazing system:

1. Whole food multi-vitamins replenish essential nutrients
2. Patented chelated minerals for maximum absorption, better energy and more stamina
3. Vital digestive enzymes necessary for proper digestion and nutrient utilization
4. Potent antioxidants protect against the damaging effects of free radicals
5. Billions of stabilized probiotics help suppress harmful bacteria while promoting digestive health
6. Specific enzymes for metabolizing fat and supporting healthy blood sugar levels
