

FRESH AIR PERSONAL

THE TECHNOLOGY

The Vollara® FreshAir Personal utilizes the process of ionization to provide clean air in your personal space. The built-in ionizer creates negatively charged ions that attract free-roaming particles (contaminants) and removes them from the air. This means substantially decreased concentrations of allergens, smoke, dust, and pollen in the air you breathe.

SPECIFICATIONS

Product Information	9940046; Model: FreshAir Personal DOES NOT meet California requirements and cannot be shipped to California
Technology Included	Ionization
Electrical	Input Voltage: 3 Volts DC Power: <0.03 Watts
Mechanical	Lithium Battery Battery Life: 72 Hours
Ion Output	5.5 million/cm ³ 7X more than previous model
Ozone (O ₃) Output	<0.01 ppm Max
Weight & Dimensions	50 g 3.8" H x 2.2" W x 1.0" D (9.7 cm x 5.6 cm x 2.5 cm)
Operating Temperature	34°F - 100°F (1.1 °C - 37.8 °C)
Coverage	Personal Space
Warranty	90-Day Limited warranty Terms and conditions may apply

THE BENEFITS

The FreshAir Personal provides nature's own cleaning properties with a built-in ionizer that attracts free-roaming particles and captures them, reducing allergens and pollutants that invade the space you breathe.

- 7x more ion output over previous model
- Freshens personal air space wherever you go
- Reduces airborne contaminants and allergens around your body
- Lightweight, easy to use and rechargeable

FEATURES

- Designed and engineered to be so simple to use that it encourages daily usage
- Utilizes the process of ionization to provide clean air by creating negatively-charged ions to remove microscopic particles from the air
- On/off switch to preserve battery usage
- Features a universal neck strap to wear around your neck
- Can also clip to your collar, pocket or belt
