

DIRECTIONS FOR USE

1. Take your Vollara® Air & Surface Pro+ unit out of the shipping carton and remove all protective materials.

CAUTION: Read manual carefully for proper use and optimal operation.

2. Place your unit in an appropriate location which should be four feet or higher from the ground. **Never set the unit on the floor.** Place in a location away from the HVAC return duct. The rear of the unit requires one inch or more of open area to allow unrestricted airflow.
3. Insert the Power Supply Plug into the power receptacle on the rear of the unit.
4. Insert the AC Plug on the Power Cord into the Power Supply and the other end into a working electrical outlet.
5. Push the **POWER** button once to turn the unit on. **CELL**, **ION** and **A-PURE** will illuminate on the screen. The PCO-A Technology + Carbon Brushes will be operating.
6. Push the **A-PURE/A-PURE+** button once to activate Purification (O₃) at the 500 sq. ft. setting. **CELL**, **ION** and **A-PURE+** will illuminate on the screen. PCO-A Technology + Carbon Brushes + Purification (O₃) will be operating.
7. Push the **+** or **-** on the **AREA/A-PURE+** button to change the size of the area treated. The range is from 500 sq. ft. – 3,000 sq. ft. The area chosen will display on the screen.
8. Push the **A-PURE/ A-PURE+** button a second time to turn off the Purification (O₃). The PCO-A Technology + Carbon Brushes will still be operating.
9. Push the **FAN +** button four times to reach the highest speed (5th level) to initially clear the air in the room. Once the air is cleared, set to the desired fan speed. 1-5 bars will illuminate on the screen to show the corresponding fan level.
10. To operate the **DEPART ROOM** feature, **in unoccupied areas only**, press the **DEPART ROOM** button until the desired time is reached (2/4/8 hours). The unit will display **DEPART ROOM** and the remaining time. To interrupt the **DEPART ROOM**, press the **A-PURE/A-PURE+** button.

NOTE: The **DEPART ROOM** Mode should be operated in unoccupied areas only. “Unoccupied areas” includes pets.

SETTINGS & NOTIFICATIONS

- POWER (STAND BY):** Turns the unit ON and OFF.
- A-PURE/A-PURE+::** Toggles the unit between **A-PURE** Mode (PCO-A Technology + Carbon Brushes) and **A-PURE+** Mode (A-Pure Technology + Carbon Brushes + Purification (O₃)).
- DEPART ROOM:** Turns on and adjusts the timer for highly concentrated purification of a designated area. Each press of the **DEPART ROOM** button will change the time by 2/4/8 hours, up to eight hours, then off. **The Depart Room Mode should be operated in unoccupied areas only.**
- RESET:** Clears the maintenance reminders after performing routine maintenance.
- CLEAN:** Illuminates when cleaning is required.
- CELL:** Illuminates to indicate PCO-A Technology is operating. Flashes blue when it is time to replace your PCO-A Cell Assembly.
- ION:** Illuminates to indicate the Carbon Brushes are operating.
- AREA A-PURE+:** Works when the unit is in **A-PURE+** Mode to set the Purification (O₃) in sq. ft. (500/1000/2000/3000).
- FAN:** Adjusts the 5-speed fan UP and DOWN.

For best results, run your Vollara Air & Surface Pro+ 24/7/365, giving you the benefits of air purification day and night.

For maintenance and cleaning instructions, refer to the owner's manual.

CONGRATULATIONS!

You are now set up to receive the benefits of your Vollara Air & Surface Pro+.

**READ MANUAL CAREFULLY FOR
PROPER USE AND OPTIMAL OPERATION**
